

How Can My Child or I Check if the Necessary Assignments Were Completed for a Grade?

Information about assignments given in any subject can be found on your child's Canvas page.

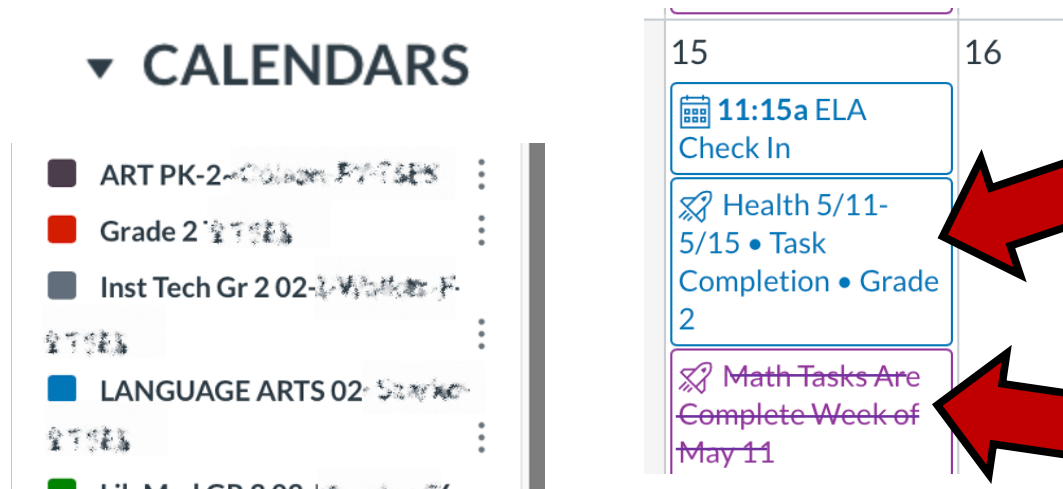

Information is located in the *Calendar* and in the *Grades* sections. You can find them on the side of your child's Canvas page.

When looking at the *Calendar*, you and your child can see assignments listed on the date they are due. Students can still complete assignments and receive credit after they are due.

Assignments are shown for each course that is turned on in the calendar and has a colored square.

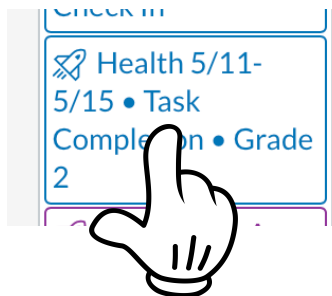

If assignments are not completed, they are not crossed off.

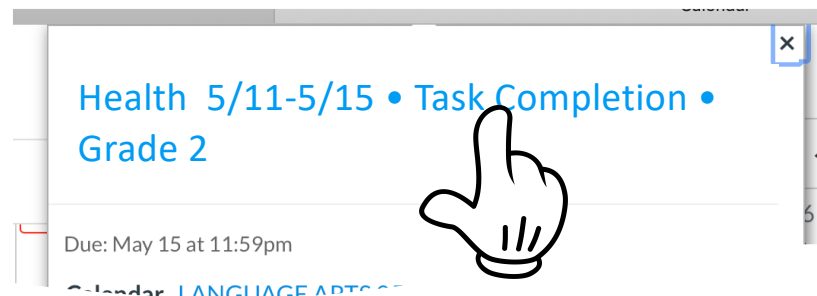

If an assignment was completed, it is visible but crossed off.

If your child did an assignment but forgot to show they completed it...

...they can click on the assignment on the Calendar...

...and then click on the name of the assignment...

...and they will be brought right to the assignment that needs to be completed.
