

What should my child be doing while they read?

Observing closely and describing what's there

Building Interpretations & Explanations

Reasoning with evidence

Making connections

Considering different Perspective

Understanding the Essence and forming Conclusions

Wondering and asking questions

Question that foster reasoning.

What are you noticing?

What are you thinking?

What makes you think that?

How do things fit together?

What patterns or relationships exist?

How else can you look at this?

What might someone else think?

What is this really about?

What can I conclude about this?
